# Nook

April/June 2013

Nook has been made for a University project. It's a modern dog house designed for modern apartments. Nook's one of twenty projects chosen for the first Exhibition Design of Catania in October 2016.

# Covers Oscar-Wilde

December 2014

These covers concern three literary works of Oscar Wilde. To design this project I've used Photoshop and InDesign. The background images had been adapted to the drawing. I created the correct harmony between the two elements to playing with the effects classic/contemporary.

The background images had been adapted to the drawing. I created the correct harmony between the two elements to playing with the effects classic/contemporary.

These three covers made from a university project of publishing.

# Magazine Start-motion

December 2014

Digital Animation's Magazine.  
From title, logo, layout, continuity,  
colours, images, choose of the texts,  
this magazine was totally designed  
from zero. "Start motion" has been  
realised for a university project,  
following teacher's advice.

# Poster Transcom

November 2014

Poster for social purpose delivered for a local Call center called "Transcom Italia".

# Manual For-med

January 2015

The design of the brand with the entire corporate business. For.Med is a modern agency which deal with: higher education, compulsory education, the disadvantage area, occupied and unoccupied.

My work began as a university project with the aim of giving the company an image and a perfect graphic for the document that will be used.

# Personal Manual

January 2015

The following mark has the initials of my name. At the brand, it is associated manual and corporate policyholders who surround use. The brand was born from an elaboration of SansSerif character. This manual has been made for a University project.

# Major Project

February 2016

At the end of my educational path at the Academy of Fine Arts in Catania, I developed a book in order to be my major project, called: "The consumption of cartoons." A psychology explanation of how kids influence decisions and purchases.

# Icons

May 2016

Those icons have been designed as digital draws with Adobe Illustrator.

# Identity Grest SSCuore

April/July 2016

For about eight years I carry out voluntary work at the Parish of the Sacred Heart of Biancavilla.

Every summer, the Parish organizes a summer oratory for children. For this purpose, I have created the reference poster and a facebook page called "Grest Sacro Cuore" taking care of the graphics and managing the publication of various events and posts. In addition, I also edited the Grest designing corporate logos, invitations, various posters and T-shirts for children and animators.

# Cover

June 2016

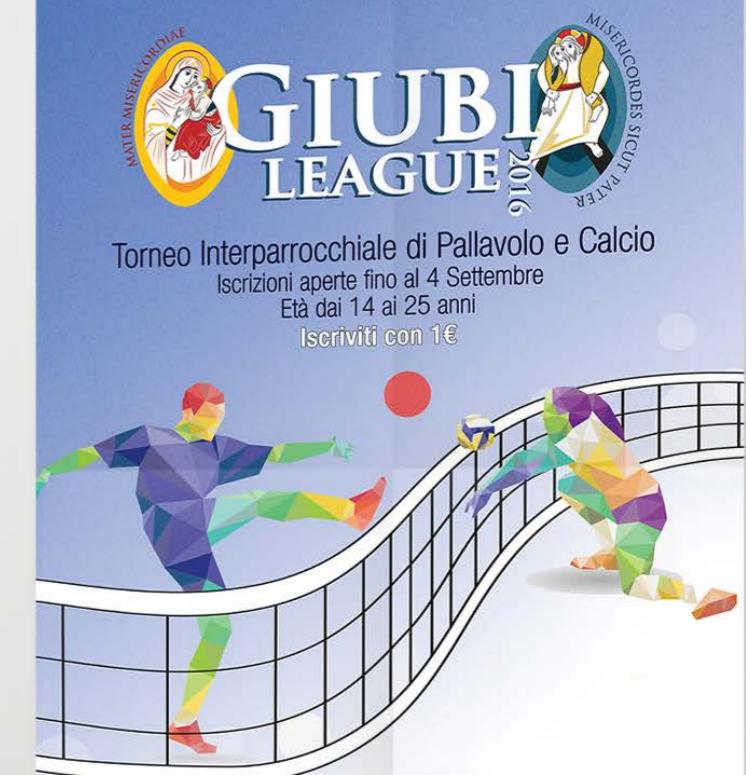

The project was made on commission.  
The paper includes the cover of the essay and the path to the state exam "What is essential is invisible to the eye."

# Poster Giubi-League

June 2016

It'd been designed to advertise and promote a football and volleyball tournament.

# Taste-it

## Italian pesto

June 2017

I had a great experience with this project. This is an Italian Pesto, produced for a national competition. I designed the visual identity and the packaging.

**Consigli d'uso:** Scaldate il sugo in una padella antiaderente a fiamma bassa, per far rinvenire aromi e saperi. Scolate la pasta al dente e farla saltare qualche minuto in padella con il sugo, avendo cura di aggiungere due cucchiaini di acqua di cottura della pasta che sono stati tenuti da parte in precedenza.

**Indicazioni per il consumatore:** Conservare in luogo fresco e asciutto, lontano da fonti di calore. Dopo l'apertura conservare in frigo e consumare entro 3-4 giorni.

**Ingredienti:** Sarde\* (Sardina pilchardus) 37,3%, succo concentrato di arance rosse 34,7%, cipolla di Giarratana 16,6%, olio extra vergine d'oliva 10,3%, mandorle tostate\* 15g, sale 0,3%. Senza glutine. Correttore di acidità: acido citrico.

**Allergeni:** pesce, frutta a guscio (mandorle).

\*Sarde ricche di omega-3

# Illustrations

Facebook account

October 2017

Since October 2017  
I started to manage  
a Facebook and  
Instagram account to  
give more visibility to  
my works.

# Icons

Christmas Set

October 2017

Group of icons made for Christmas.

**WEB  
DESIGN**

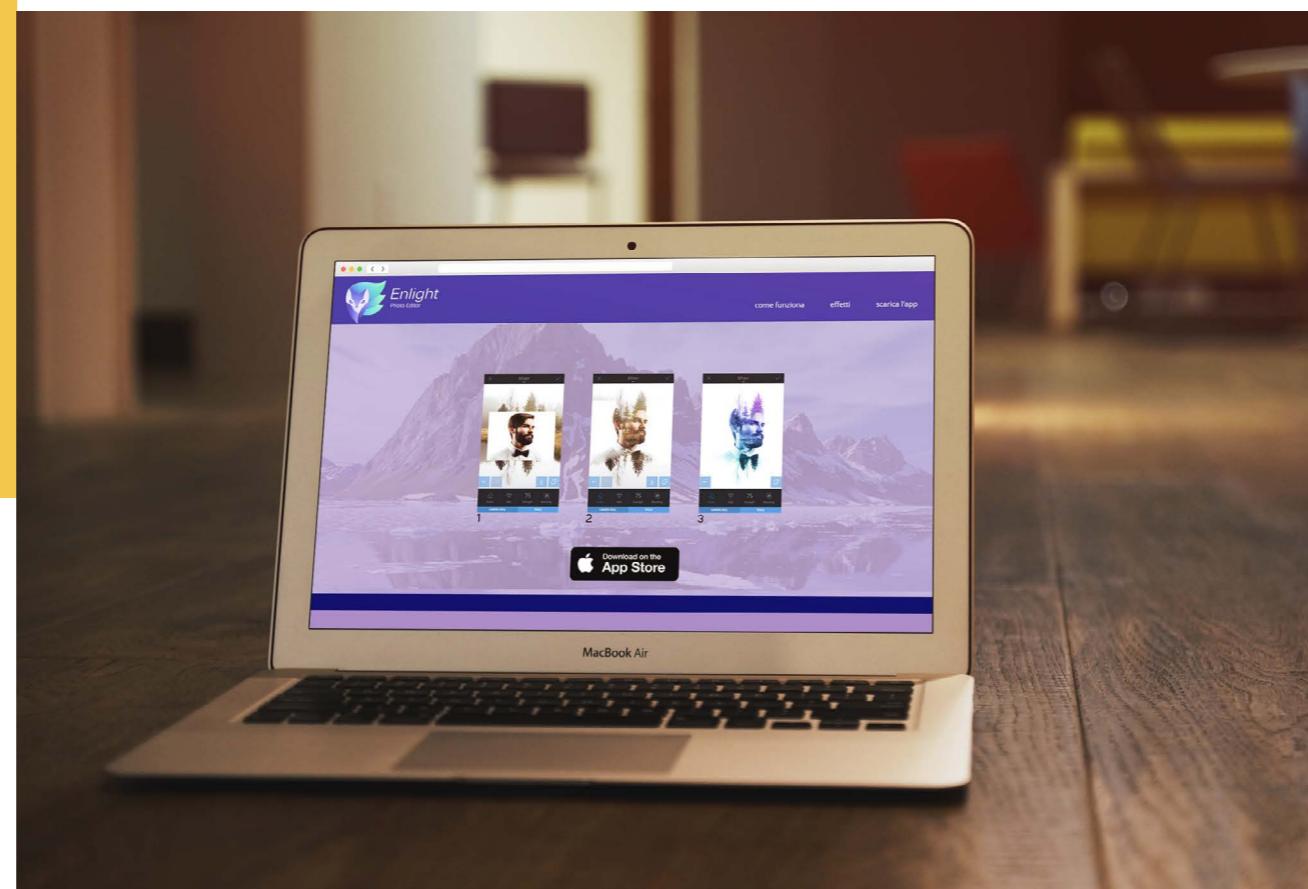

# Enlight Website

September/December 2015

This is a one-page Website has been developed for a degree course called "Web Design", during 3 months. The purpose was to advertise the application "Enlight". To designed it I worked in photoshop and immediately I converted it to HTML and CSS language.

Visit it here:

<http://noemibisicchia.altervista.org/app%20Enlight/index.html>

# Profile Website

September/December 2015

Born as a university project. This website has been developed for a degree course called "Web Design", during 3 months.

For the realisation, I initially designed the graphics idea through photoshop and then I've coded it in HTML, CSS and JS.

Visit it here:

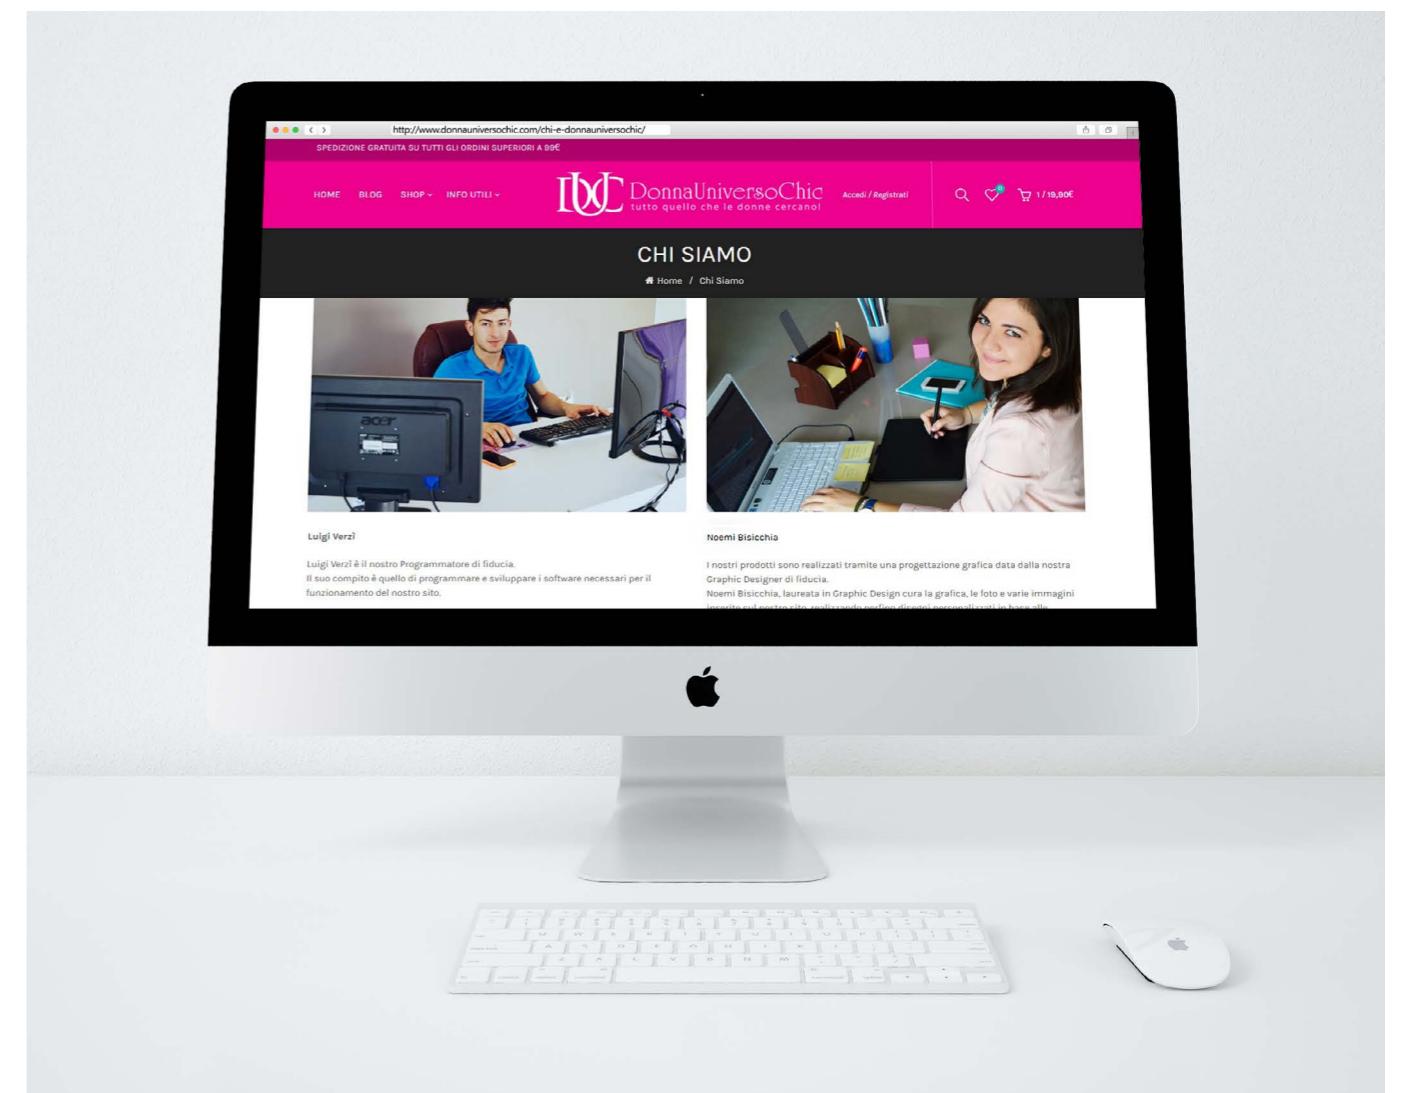

<http://noemibisicchia.altervista.org/portfolio%20html/index.html>

# Internship DonnaUniversoChic

April/December 2016

DonnaUniversoChic is an e-commerce website for women's fashion. My tasks were to increase the graphic design section, improve all the categories, give the right structure to the images and take some pictures of the products. To do that I've worked with Photoshop, Illustrator and Word Press.

Visit it here:  
<http://www.donnauniversochic.com/chi-e-donnauniversochic/>

# Noemibis Pageworks

From September 2017

From September 2017  
I've started a Master  
Degree, at Greenwich  
University, of Web Design  
& Content Planning.  
During This Year I'm  
going to update the  
website with the projects  
committed by University.  
To realised them I'm  
working on Photoshop,  
Indesign, Illustrator,  
HTML5, CSS3 and JS.

# StudyMaths Analytic Report

January 2018

This January I did an analytic report for an important website.

The course, called Social Media and Seo, has the purpose to understand how a Website can be improved, which tools and analytics websites can we used in order to know more.

To do this project I worked on Id and Ai for design all the illustrations and icons.

# Clark's Website

January 2018

Clark's Healthy Food is a website made as university project with the purpose to give visibility to a hypothetical Healthy Shop.

To designed this Website I've worked on Ps, to draw all the icons I've worked on Ai and at finally I coded it with HTML5 and CSS3.
